

New Drug Store.

Early in August we will open a drug store in the Link building, corner Oak and N. Sycamore streets. This store will be known as the "Oak Street Pharmacy." We are establishing this store not only for the greater convenience of our customers, but also because our constantly increasing business demands more room. While our Spring street store will be kept up to the same high standard that has given the Bratton Drug Co. a reputation all over Texas, it is our purpose to make our "Oak Street Pharmacy" a model of perfection. It will be fitted with every convenience to facilitate business, and to add to the comfort and satisfaction of our patrons.

It will be stocked with the finest line of Drugs and Pharmaceuticals, Toilet Articles, Perfumes, Cigars, Candies, and everything that goes to make up the modern drug store. And everything absolutely new and fresh.

Twenty years of experience and abundant capital enables us to give the public another drug store, which we believe will add something to Palestine's reputation for drug stores.

Another department in the new store which will receive special attention will be the Soda Fountain. We are making special preparation for the ladies and children, and the Soda Fountain will be running throughout the year, and the same service which has made us famous will be given.

We ask the cordial support of the public in our new store, and hope to make many new friends and customers. The exact date of the opening of the "Oak Street Pharmacy" will be announced in the daily papers, and the public is cordially invited to be with us on that occasion.

Bratton Drug Company

AN ERA OF PROSPERITY

Is being enjoyed by our glorious republic. Disappointed and pessimistic people are trying to set up a wall of "hard times" coming and give vent to their discouraging views. After you become acquainted with the facilities of the Martin Laundry, you will have nothing but words of praise to say regarding its ability to properly launder your linens. There will be no future disappointment if you get the habit of leaving your bundles at the Martin Laundry.

Happy Evening.

Saturday evening from 6 to 10 o'clock Master John Ellett Jackson entertained quite a party of friends, the occasion being his fifteenth birthday. The home was bright with electric lights, and pretty cut flowers, and the lawn was the especial favorite, and the big arc light on the corner lit it so beautifully that they did not miss the moon. There was a swing that all enjoyed, and the front gallery was arranged for a sitting room; with rugs, tables and chairs there was a cozy corner, where the little Jackson girls served fruit punch to the guests. One end of the gallery was arranged for a station, and a bell tapped every five minutes for a change in partners for promenading, for the larger ones. The younger children were playing, "Hold up the Gates" and those other games that our fathers and mothers and grandparents used to play, and that every child will play as long as there are birthday parties.

After awhile Mrs. Jackson, assisted by Mrs. Granville Davis and Miss Josie Watts, served pink and white ice cream and a variety of cake, which the young folks heartily enjoyed; then watermelons were brought out. After this all had a game of clasp in and out in the parlor. The graphophone furnished music and songs thro' the evening. Later Mrs. Jackson called all into the dining room, and in the center of the table there was the "birthday cake," and John Ellett lit the fifteen candles which represented the short years of his life. Everybody had a cut. Eugene Durham cut the needle, which was intended for a girl and meant an old maid thro' life. Louis Davis cut the dime, which means he will save up his money and be rich. John Caswell Winston cut the bachelor's button, and don't want to take after his kinfolks in being an old bachelor. There was a heap of fun over the cake.

Misses Margaret and Lillbel Hughes of Dallas assisted John Ellett in entertaining his friends. All went home happy and wishing for John Ellett many returns of the pleasant evening.

Birthday Party.

Yesterday was the fourth birthday of little Helen Alma Watts, and Mr. and Mrs. Henry Watts gave their little daughter a birthday party. The days are never too hot or cold for mothers to entertain their children and their friends on these happy occasions. Happy childhood, that so soon seems like a beautiful dream, or a vision passing before us in the night. The lawn was beautifully arranged for the party, and the little ones scampered over it were like pretty flowers in their dresses of white, with gay colored ribbons. Master Raymond

Watts assisted his mamma in entertaining the little guests, and soon all were playing the childish games so loved by all. Cake and cream were served abundantly to all. On arriving each little guest presented little Helen with a birthday gift. And on leaving each child was conducted to the "fish pond," which was behind a big screen, and given a pole to fish. It was a marvelous pond, and some magical power was behind it, for on each hook was a beautiful gift—a souvenir of the happy evening.

As twilight shadows began to fall the mothers came and gathered all—those children dear, so full of glee, who mean so much to you and me.

Miss Vera Dublin is visiting at Mt. Selman, Bullard and Jacksonville.

Cecil, Rob and Wallace Dashiell of Jewett are visiting Dr. Patrick's family.

Mr. Alvah Holland of Bremond is the guest of Mr. Perry Brown, at the home of Judge and Mrs. P. W. Brown.

Mrs. Henry Bryan and children left Sunday at noon for Austin, where they will reside, Mr. Bryan having a good position there.

Miss Mattie Silliman left yesterday to join the house party at the home of Mrs. Dan McLean, in Crockett. Misses Jennie Mae and Georgia Laura Dick have been there several days. Quite a crowd of young girls from different places compose the house party.

The club year promises to be one of great interest and education for our literary clubs. They have all their year books in from the publishers, and it will be a great pleasure to give a synopsis soon of their work; and we know the readers of this paper will be deeply interested.

Mrs. P. H. Hughes and the children and Miss Gussie Mae Stafford and Mr. Seymour Stafford have returned from a month's visit to Eureka Springs, Ark., and report a delightful time. This is getting to be a favorite resort for Palestine people. Mrs. H. R. Moore and family are still there; also Mrs. T. W. Smith and Elizabeth.

Mrs. Mary L. Martin with her two daughters, Misses Mollie and Cora Eva, leave tonight for Houston, to reside. Miss Mollie takes a position of stenographer for a leading firm. We hate to give up these friends to Houston. They are old residents of Palestine. Mrs. Martin's parents lived here in the early seventies, and she has many friends who wish for them success and happiness in their new home.

LIKE OLD FRIENDS.

The Longer You Know Them the Better You Like Them.

Doan's Kidney Pills never fail you. Palestine people know this. Read this Palestine case. Read how Doan's stood the test for many years. It's local testimony and can be investigated.

Patrick Ryan, of 11 Fulton street, foreman in the employ of the I. & G. N. railroad, says: "Since I publicly recommended Doan's Kidney Pills in the summer of 1902, after I had procured a supply at the Bratton Drug Company's Store, and their use had relieved me entirely of pains across my loins and kidneys, which had bothered me off and on for some years, I have told many of my fellow-workmen in the shops about them, and know of several who have found the same good results from their use. If ever I feel any indications of the coming on of kidney trouble, I always use the Pills, and find in them prompt and effective relief. I am pleased to re-endorse the preparation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

FATAL RUNAWAY

Near Longview—One Man Killed and Four Others Injured.

Longview, Texas, Aug. 6.—Last night about 10 o'clock as Mr. R. Gibson was returning home from preaching at Judson church his team became frightened, as the front wheel of the wagon dropped off of a low bridge at the cross roads. The team soon demolished the wagon and threw the occupants out on the big stones as they flew down a long hill. Olde Gibson, a boy, was asleep and was thrown out and killed. Lon G. Gibson, 32 years old, had both collar bones broken and was badly bruised, and will die. Mr. Gibson was badly bruised, and at this time it is thought he will recover. Tom McLendon was badly bruised, and will recover. Rev. J. M. Spivy, a Baptist preacher of Jacksonville, Texas, was badly bruised and hurt internally, but will recover. The accident happened six miles north of this place.

Always the Politeness.

A Germantown woman was not long ago watching a workman as he put up her new window fixtures in her house. "Don't you think that you have placed those fixtures too high?" asked she, having reference to the curtain rolls last put in place.

The workman, a German, made no reply, but continued to adjust the fixtures.

"Didn't you hear my question?" demanded the lady of the house. "How dare you be so rude?"

Whereupon the German gulped convulsively, and then replied in the gentlest of voices:

"I haf my mouth full of schreus, and I could not speak till I swallow some!"—Harper's Weekly.

NOTICE TO PATRONS.

STATE'S PLAN FOR ORCHARD.

He Will Be Convicted of Murder in the First Degree.

Butte, Mont., Aug. 6.—Peter Breen, an attorney who was sent to Boise by the Butte miners' union to watch the Haywood trial, has an idea about the state's intentions toward Orchard.

"Orchard will be convicted of murder in the first degree," said Breen. "The community will not stand for anything else. But he will not hang, according to present plans. The plan is to have him sentenced to hang. Then Governor Gooding will commute his sentence to life imprisonment."

"Orchard, who is to be provided with money from unknown sources, will then make his escape from prison. The details include a ticket to England. No mention of the escape is to be made for six weeks, so that he will be safe from pursuit."

Breen does not reveal the source of his information other than to say that Orchard told him about it in the penitentiary.

BASEBALL NOTES.

The Waterloo team is setting a fast pace in leading the Iowa league.

The Webb City team in the Western Association was shut out five times in succession recently.

Clinton and Peoria hold the extra inning record in the Three-I league. The two teams batted twenty-two innings recently. Peoria scored three runs in the last inning, the only runs scored during the game.

Barney Drefus of the Pittsburg club has allowed his option on Joe Swift, the Wilkesbarre pitcher, to go by default. The owner of the Pirates is now after Gladstone Graney, also of the Wilkesbarre team.

Joe Gangel, a brother of Captain John of Cincinnati, is playing first base for Grand Rapids in the Central league.

The veteran Steve Brodie has landed back in his old town of Roanoke, Va. The "Duke of Roanoke" should be a big help to the Virginia leaguers.

Quite a number of minor leagues are having trouble in signing and holding good umpires this season. The average minor league president does not back up his officials as do the major league presidents.
